2009 Computer Equipment Grant Application

The City of Fargo is donating surplus computer equipment to area non-profit organizations. Each computer comes in working order with a Windows XP operating system.*

The City's Community Development Committee reviews the applications and makes recommendations to the City Commission about who will receive the equipment. The criteria used to select recipients are based on the impact to nonprofit organizations in the Fargo-Moorhead area. This year, the City is donating the equipment listed below. Please indicate which and how many pieces of equipment you are interested in (check all that apply) and return this application to the address listed above by **August 31, 2009**. If there are other organizations that may be in need of equipment, please forward this application.
