

Curbside Recycling Guide

Newspapers and Magazines 	Acceptable:	Newspaper, shoppers and anything that is delivered in the newspaper, including glossy inserts. Magazines, small catalogs and similar printed material with glossy pages.
	Unacceptable:	Office paper, egg cartons, phone books and large catalogs with glue bindings such as Sears and JCPenney.
	Preparation:	Newspapers and magazines can be mixed together in one brown paper bag. Or lay them flat in the bottom of the bin without a bag.
Aluminum and Tin Cans 	Acceptable:	Aluminum, steel and tin cans.
	Unacceptable:	Scrap metal (car parts, iron & steel), razor blades, tin foil, nails, rusty cans, aerosol cans.
	Preparation:	Please rinse the cans. Labels do not have to be removed from the tin cans. Please place the lid inside the can or bend the lid inside the can. Aluminum cans and steel or tin cans can be mixed together in one brown paper bag.
#1 and #2 Plastic Bottles with a Neck 	Acceptable:	#1 and #2 plastic bottles with a neck (meaning it is smaller at the top than it is on the bottom). These include soda, milk, detergent and shampoo bottles. Check for recycling symbol on containers.
	Unacceptable:	Motor oil, vegetable oil or antifreeze bottles, yogurt or cottage cheese containers, margarine tubs, ice cream pails, plastic bags, toys and any container numbered #3-#7.
	Preparation:	Please rinse all bottles and remove caps and lids. Place plastic bottles in a brown paper bag.
Glass 	Acceptable:	Clear, brown and green glass bottles and jars.
	Unacceptable:	Ceramics, Pyrex, window glass or light bulbs.
	Preparation:	Please rinse bottles and jars and remove lids and corks. Labels do not need to be removed. Place all glass together in a brown paper bag.
Corrugated Cardboard 	Acceptable:	Corrugated cardboard boxes and brown paper bags. (Corrugated means it has the wavy material in between two pieces of cardboard.)
	Unacceptable:	Box board (cereal boxes, shoe boxes, pop cases), wax-coated cardboard, dirty pizza boxes.
	Preparation:	<u>MUST BE FLATTENED</u> and placed underneath your curbside bin.

Curbside Recycling Guide

- Your curbside recycling bin must be placed **out by 8:00 a.m.** on your regular garbage collection day (same location as your garbage, but it will be collected by a separate truck).
- Items that are not recyclable (or that are incorrectly placed) will be left in the curbside bin with a note explaining why it was not collected.
- Items for recycling must be **separated** and placed in brown paper bags. **Please do not use plastic grocery bags**; they cannot be recycled with the plastic bottles. Wal-Mart and Cash Wise Foods have collection bins for plastic bags inside their stores. Clean, dry plastic bags can be given to most thrift stores.
- If you have more recyclables than the bin can accommodate, please put those items in brown paper bags and set out alongside the recycling bin, or use another box or container for excess material, **but be sure to separate the materials** and set out the blue bin so the driver sees it.

Place the newspapers and magazines flat in the bottom of the bin. (They do not need to be in a brown paper bag.)

Set the bags of cans, glass and plastics upright, on top of the newspaper/magazines (or next to the bin if you fill it with newspapers and want to use separate containers for each material).

If you have corrugated cardboard, **please flatten** it and place it underneath the recycling bin so it does not blow away. **Boxes that are not broken down may not be collected as they take up too much space in the truck.**

If you have questions, please call 701-241-1449 or e-mail recycling@cityoffargo.com. For more information on other items that can be recycled (office paper, phone books, yard waste and more), visit us on the Internet at www.fargorecycles.com. Thank you for helping turn recyclable products into new items through recycling!
